Report of the Mayor

To the Citizens of Rutland:

Reports of the activities in the different departments of your City government have been published from time to time in our local newspaper.

I have felt that you were entitled to this information.

Notwithstanding predictions of a deficit of nearly \$100,000., if the budget submitted for the past year was accepted, we ended the year with a small deficit of less than \$6,500. which we could have avoided by refusing to partially restore the cut in wages and salaries to our regular city employees.

TAX RATE

Complying with the state law, which provides that when a town at the end of its fiscal year has a deficit it shall add multiples of five percent to the rate authorized by law, sufficient to liquidate the deficit, our City tax for 1938 will not exceed \$3.62 unless the voters of the City, by an article in the March meeting warning, vote to authorize a higher tax rate.

PUBLIC WORKS DEPARTMENT

In this Department there has been a steady reduction in City costs. In the Water Department the costs are only 66% of the annual cost in this Department prior to 1932.

In the other departments of Public Works the costs for this same period are only 53.7%. Public Works and Water Dept. costs combined now average only 58% of the annual costs prior to 1932 when we began to reduce budgets.

Since Commissioner E. L. Tracy took charge of these departments the costs have constantly decreased, and the quality of the work done has improved. Much credit is due him for his aid and cooperation.

CHARITY DEPARTMENT

While our charity costs have again decreased, they are yet abnormally high. This is mainly owing to the large number of unemployed, but other factors that will take several years to clear up, unless the State Welfare laws are changed, will keep the costs higher than they should be.

It is encouraging to learn that town officials are interesting themselves in having these laws amended.

WPA

At present our quota for work on these projects is 425. This does not include the persons employed in the Women's and Professional Division, who comprise a considerable number.

The Federal Government pays the wages on these projects. The amount paid to the 425 men on the WPA, if each man works full time, exceeds \$21,000. per month. This will give one an idea of what our Charity costs would have been without this aid, as the majority of these men have no means of support except their daily labor.

The total Federal aid received from WPA expenditures from 1935-36, to Dec. 17, 1937 in Rutland City is \$431,141.06.

Regardless of criticism of the WPA we must admit that it has been a great aid to Rutland City. This large sum expended in Rutland City has not only supported many families, but has been of great benefit to our many merchants.

BONDS AND WARRANTS

Owing to the City's business being transacted entirely on borrowed money—temporary loan warrants—there are always such obligations outstanding. At the beginning of 1937 we owed \$100,000. in warrants, \$63,000. of which had been expended. All of this was paid, and we owed only \$25,000. in temporary loan warrants beginning 1938.

During 1937 we paid \$110,000. of our bonded indebtedness, and have more than that to meet in 1938.

A review of our bonded indebtedness, by Treasurer Colburn impresses one with the fact that after passing 1940, when we have to pay \$114,000. Armory bonds, that Rutland City's debt will rapidly decrease.

With sufficient school buildings, completed sewers, and water distribution systems there is no apparent need for any large bond issue.

I wish to thank the heads and members of all of the City's departments for their aid and cooperation, and the Board of Aldermen, who have voted so many needed appropriations.

Our City's Chamber of Commerce have contacted every industry they learned of desiring a new location, and have in every way tried to relieve unemployment in our city.

Respectfully submitted,

HENRY H. BRANCHAUD,
Mayor

Report of City Treasurer

To the Honorable City Council:

Gentlemen:—I herewith present to you my report as City Treasurer for the fiscal year ending December 31, 1937.

RECEIPTS

Report of Commissioner of Public Works

FOR THE YEAR 1937

*The Honorable City Council,
Rutland,
Vermont.*

Gentlemen:

This report for the year January 1st to December 31st, 1937 describes the activities of the Department of Public Works and the Works Progress Administration and shows the cost of all projects. All divisions of the department closed the year with balances.

During the year, more new construction was accomplished by the Street Department than at any time since 1931. Another large expense that was borne without additional appropriation was the wage restoration and holiday pay. The payroll increase was \$7,849.05 of which \$6,412.90 was in Public Works and \$1,436.15 was in Water. Clean-up Week was again established and all refuse was collected last May. The parking lot on Willow Street was graded and surfaced at the expense of the Street and General Departments.

The financial statement, based on actual receipts of the City Treasurer and expenditures, including inter-department charges and credits is as follows:

Department	Receipts	Expenditures	Balance
Street.....	\$52,472 13	\$52,306 68	\$165 45
Sewer.....	7,518 82	7,488 34	30 48
Sidewalks.....	612 00	578 37	33 63
General	5,666 51	5,621 34	45 17
Water.....	*41,244 92	41,222 69	*22 23
	\$107,514 38	\$107,217 42	\$296 96
WPA.....	\$10,878 80	\$10,874 36	\$4 44
WPA Sidewalks and Curbs.....	†\$27,284 07	\$26,748 72	\$535 35

*In the Water Department the City Treasurer collected \$4,764.09 in excess of the amount shown here appropriated to the Water Department and the \$6,000.00 transferred to the Sewer Department, making an actual balance of \$4,786.32 with the City Treasurer.

†Assessments from property owners included in this total was \$12,785.38.

During 1937 the total footage of 5 foot concrete sidewalks was 32,659, and of concrete curb and gutter was 9,363 feet, a total of 42,022 feet or slightly less than 8 miles. In 1936, 6½ miles were built making 14½ miles during the two years.

STREET DEPARTMENT

The pavement construction on Grove Street, that was started in 1936, was completed to Library Avenue. The work consisted of removing the old street car tracks, excavating the old ties and roadbed, and filling in this car track area with standard reinforced concrete. The new concrete strip is 1,188 feet long and 9 feet wide. The amount built in 1937 was 688 feet.

On Washington Street the old platform scales in front of City Hall were removed and the concrete pavement ramps leading on to the scales were also removed so that the street could be graded to a normal cross-section. New concrete pavement was then laid over the area of 180 square yards.

This concrete pavement construction on the two streets cost \$2,304.64.

On River Street a mixed-in-place black top surface was built. It extends from Post Street to Dorr Bridge, a distance of 3,750 feet. The average width is 20.4 feet and the average thickness is 3 inches. The most of the asphalt and stone handling as well as the finishing and rolling was done by City labor while WPA did the grading for sub-base, built new gravel walks where no surfaced walk existed and filled and graded the strip between walks and road. The surfacing required 698 cu. yds. of stone and 13,300 gallons of asphalt. The cost to the city was \$2,980.29 exclusive of equipment rentals.

Bituminous surface treatment with tar and asphalt of 120 streets in the city was carried out in much the same manner as the previous recent years. More surface was covered than ever before as width of streets was increased and some new mileage added. Although the surface covered has been increasing every year since 1933 the unit cost has been steadily decreasing as the surface improves until now it is 91½% of what it was in 1934.

Year	Square Yards Covered	Number of Gallons Used	Rate of Application	Cost Per Square Yd.
1934.....	289,058	83,419	0.31	\$0.038
1935.....	337,031	82,978	0.25	.036
1936.....	358,496	89,287	0.25	.035
1937.....	370,285	91,110	0.246	.0347

The area covered, converted into length of roadway averaging 18 feet wide, represents an increased mileage each year—

1934.....	27.37	miles	18 foot road
1935.....	31.94	"	" " " "
1936.....	33.94	"	" " " "
1937.....	35.03	"	" " " "

Calcium chloride was spread on portions of gravel roads in the vicinity of houses to remedy the dust nuisance and on other portions of back roads to help maintain the surface. The quantity used was 31,400 pounds.

Although the snowfall was very small during the first two months of the year, the largest storm, which occurred in March, was costly to handle because the snow was so wet and heavy. The Public Works payroll of \$1,337.17 for the week ending March 20th, which included the storm, was the largest weekly labor expenditure since the storm of March 1931. The comparative costs over a five year period are as follows:

Year	Plowing and Snow Removal	Sanding	Equipment Repairs	Total
1933.....	\$1,477 77	\$584 90	\$203 80	\$2,266 47
1934.....	2,539 14	1,480 53	324 49	4,344 16
1935.....	1,599 70	1,049 86	577 33	3,226 89
1936.....	2,970 39	1,254 98	163 94	4,389 31
1937.....	1,097 09	1,392 36	126 75	2,616 20

The increasing demand for sand is clearly shown. This operation is now just as important as snow plowing. Ten years ago the cost of sanding was less than \$300 per year. A new steel tractor plow was purchased to replace the old wooden plow that had been used for twelve years.

It was possible to take advantage of the mild weather of the first part of the year to spread gravel on unsurfaced streets. About 2½ times as much work was accomplished than in 1936 and 5 times as much as during 1935 or 1934. During the entire year 4,424 cubic yards of gravel were used.

Repairs to old worn sections of concrete pavement on West Street and Evelyn Street that were started in 1936 were completed early in 1937. Other pavement patches were made where necessary.

Cold patching of bituminous surfaced streets to keep all worn spots repaired was carried on throughout the Summer and Fall. The cost was \$1,329.71 which is only 39% of the average yearly cost five years ago.

The streets in the business section were kept cleaned and swept, and as much cleaning as the department could afford was done on surfaced streets outside the downtown area. On paved streets it was necessary to keep dust and sand swept up during the mild winter which is very unusual. Flushing was done with the machine built by this department in 1936, thus eliminating the cost of a new flusher.

Equipment was carefully maintained in the most economical manner possible. It was necessary to replace only one small truck. The two large Mack trucks which have been in continuous operation for nearly eleven years have each travelled about a quarter of a million miles but are still proving serviceable and economical.

SEWER DEPARTMENT

The new sewer construction during 1937, as for the past few years, was nearly all done by WPA. The Sewer Department made short extensions on four streets to service new houses.

On Belmont Avenue an 8-inch sewer was laid 178 feet south from North Street; on Cramton Avenue an 8-inch pipe was laid north from State Street a distance of 80 feet; the Howard Avenue 8-inch sewer was extended 132 feet on the east end and on Stratton Road a 54-foot extension of 8-inch pipe was laid to accommodate a new house across from the cemetery.

Eight new manholes and eleven new catch basins were built. Many existing catch basins were repaired or rebuilt.

The largest item of expense in the department was the repairing of the old trunk sewer under the buildings on the west side of Merchants Row. This sewer, which probably was built along a natural drainage channel, consisted only of stone sides, slab top and no bottom. During heavy rain storms the sides were undermined and developed leaks. The repairs consisted of laying a concrete bottom slab and rebuilding the sides.

The removal of obstructions, cleaning and repairing of sewer pipes and testing for plugs has been steadily reducing in cost during recent years showing the benefits of the extensive PWA and WPA sewer construction.

Forty-five new service connections were made from buildings. These were charged at actual cost to the property owners, as were repairs on private services.

A new set of sewer rods made of flexible steel was purchased. Not only was it possible to clear sewer plugs more quickly than before but several difficult stoppages were opened up that would have been very expensive with former old equipment.

GENERAL DEPARTMENT

The majority of the work in this department is the same from year to year. Disposal of rubbish at the City Dump is supervised by a caretaker. Main Street Park is kept in good condition throughout the season. Necessary repairs were made to bridges, culverts and guardrails.

Tree trimming was done by WPA during the early part of the year but during the spring, summer and fall the work was done by this department. Dead trees or branches and branches broken by storms were removed as a safety measure to protect the travelling public.

"Clean-Up Week" was reestablished, having been abandoned in 1931. That this service is utilized by many property owners is shown by the fact that City trucks carried 620 cubic yards of rubbish from all parts of the City to the City Dump.

The parking lot at the corner of Willow and Edson Streets was graded after the debris from buildings torn down had been burned by the Fire Department. This grading and the filling of cellar holes was done by the General Department while the Street Department furnished the tar and sand for surfacing. It is quite probable that some work will need to be done next year as settlement will take place where the old cellar holes were.

Many miscellaneous jobs were performed for other departments. Ashes were removed from City Hall and Fire Station, book racks were moved for the Library and "Welcome" signs were erected for the Police Department.

The operation and maintenance of the City Engineer's office, purchase of supplies and cost of janitor service is borne by the General Department.

SIDEWALK DEPARTMENT

The extensive program of new concrete sidewalk construction was carried on by WPA and will be described with the other work of that Federal agency.

The regular Sidewalk Department continued to maintain old walks as well as possible. The total spent was \$578.37 of which \$277.61 was paid out as rebates on walks built for property owners by private contract in 1933.

WATER DEPARTMENT

Edgar S. Beardsley completed his eleventh full year of service as Superintendent of Water.

New construction included distribution mains on 11 streets, on 4 of which the labor was furnished by WPA, 10 new hydrants set by the Water Department and 3 by WPA, and new services for 45 buildings.

The largest job was 2,828 feet of new 6-inch main on Church Street which cost \$7,041.68. This replaced old 3-inch pipe which was inadequate for fire protection. Ten new valves were installed.

On Field Avenue 708 feet of 8-inch pipe with one valve was laid to connect Main Street and Lincoln Avenue. This line was constructed through ledge and cost \$2,220.55.

On Cramton Avenue an extension of 63 feet of 6-inch pipe with one valve was laid north from State Street to accommodate a new house.

The Edgerton Street and Birchwood Avenue mains were connected together with 30 feet of 6-inch pipe with a valve and 335 feet of 3-inch pipe to eliminate a dead end and prevent the possibility of freezing.

Building operations on Sargent Street necessitated the laying of 180 feet of 6-inch main with one valve. On Stratton Road a new house across from the cemetery needed an extension of 125 feet which was laid with 1-inch copper pipe. One hundred and six feet of the same kind of pipe was laid on Traverse Place to replace an old pipe that had failed in a number of places.

The WPA water projects that the Water Department furnished pipe for are as follows: Stratton Road from Allen Street to the south line of the City required 1,878 feet of 6-inch pipe, 350 feet of 4-inch pipe, 68 feet of 3-inch and 213 feet of 1-inch pipe, the smaller sizes being used south of Curtis Avenue. This section of the City formerly obtained its water from the so-called "Chaffee Spring." Now they have city water and also fire protection as three new hydrants were installed. The water main on Gilrain Avenue which was started in 1936 was completed. Other projects done by WPA were Dorr Drive, where three houses were serviced by a new line, and Belmont Avenue where a new main was begun just before the close of the year. Leaks in existing mains were repaired when needed.

New hydrants not already mentioned were set at Church and Williams, Church and Roberts and Church and Kingsley corners and at 16 Church Street. Two hydrants were set on Jackson Avenue, one on Evergreen Avenue and one each on East Center, Granger and Plain Streets. Twelve hydrants were repaired. The total number of hydrants now in use is 325. The number of hydrants now exceeds the number in use twelve years ago by 43% showing how the fire protection has been increased.

There were 45 new services installed, exceeding the 1930 mark as the following table shows.

1929	102 services	1932	21 services	1935	30 services
1930	41 services	1933	18 services	1936	37 services
1931	27 services	1934	20 services	1937	45 services

These new services cost \$1,030.84. The expense was charged to the owners of the property where they were installed.

Because of the failure of old pipes it was necessary to relay 100 and repair 16 house services at a cost to the city of \$3,015.66.

Considerable work was necessary on the water supply stream above the reservoir. Since the flood of 1927 which changed the course of Mendon Brook in many places, it requires much work to keep the channel cleared of boulders and direct all the water possible to the intake. Because of the extremely dry summer, it was more difficult than usual to prevent any water going to waste in the stream. The house and other buildings at the Head were repaired and painted. The reservoir was thoroughly cleaned after the Fall rains had increased the flow in Mendon Brook.

All main valves, service shut-offs, meters, valve boxes and blow-offs were kept in proper repair, as was the department truck, all tools and equipment and the shop and storage yard.

Miscellaneous jobs included repairs to City Hall plumbing, reading of meters, turning on and shutting off water for property owners who were repairing their plumbing, maintenance of Swimming Pool fixtures, care of horse troughs and drinking fountains, keeping hydrant areas cleared of snow and protecting ditches with barricade and lanterns.

Administrative costs include City Treasurer's assistant, water inspectors, advertising, printing, etc. in connection with water rents and taxes to the Towns of Rutland, Clarendon, Sherburne and Mendon.

Of the total expense of \$41,222.69 in the Water Department, 59% was for wages.

The quantity of water used was greater than during previous years. Periods of heavy usage came during the dry spell in the late Summer and in Winter when water was allowed to run in houses to prevent freeze-ups.

The meter registration of water flowing through the supply mains is as follows:

	Average Gallons Per Day	Average Gallons per capita per day					
		1937	1936	1935	1934	1933	1932
January.....	3,275,000	189	177	199	178	171	165
February.....	3,348,000	193	191	207	230	174	169
March.....	3,401,000	196	185	193	216	171	167
April.....	3,299,000	191	175	187	173	151	163
May.....	2,791,000	161	170	153	164	150	152
June.....	2,937,000	170	180	159	165	157	153
July.....	3,247,000	188	176	166	176	160	141
August.....	3,282,000	188	190	166	166	148	151
September.....	3,323,000	192	158	159	162	149	153
October.....	3,020,000	175	149	149	150	142	143
November.....	2,842,000	164	165	146	149	150	143
December.....	3,053,000	176	197	164	171	170	162
Yearly Average.....	3,151,000	182	176	170	175	158	155

Based on population of 17,300.

Wood to be used for fuel by the Charity Department was cut by WPA from the first of the year until August, 1,648 cords being put up in this manner. All areas cut off will be improved for water conservation as they will be covered with evergreens which have been set out.

WORKS PROGRESS ADMINISTRATION

Projects to furnish employment for Rutland labor were carried on throughout the year. The number employed and the total wages paid by WPA was smaller than in 1936 because of improved business conditions until late in the year when the quota was steadily raised to offset increasing unemployment.

In January there were 315 on the payroll. The number increased to 360 in March. From then on private employment gradually took men away until August when only 192 were working. The quota increased during the Fall and early Winter to 370.

The expenditure of Federal funds for WPA labor was \$151,606.23. The largest job classification was sewer construction which totaled \$66,356.02 for labor and the next highest was \$38,594.85 for concrete sidewalk and curb labor. The rest of the work included road improvements and grading, cord wood cutting, water mains and tree trimming.

The City spent, for materials, equipment, trucks, etc., \$26,748.72 on sidewalks and curbs and \$10,874.36 on other WPA projects. The Water Department furnished materials valued at \$3,300.24 for water main projects. The Street and Sewer Departments also cooperated with WPA by furnishing equipment, trucks, supervision and engineering.

DESCRIPTION OF PROJECTS

Water mains laid by WPA have already been referred to in the Water Department report. New pipe was put in on Stratton Road, Gilrain Avenue, Dorr Drive and a project was started on Belmont Avenue which will be finished in 1938.

New sewers were built on Creek Road and Dorr Drive, on Elm Street between Williams and West, on the north end of Lincoln Avenue, on Maple Street between Baxter and Summer, on North Main Street north of Vernon, on Forest Street from Moon Brook to Plain Street, on Plain Street from Forest to Granger, on Gibson Avenue from Forest to Granger, on Park Street from Granger Street to the school, on Pearl Street between North and Crescent, on River Street between Post and Forest, at the south end of South Main Street, on Temple Street between Woodstock Avenue and Thrall Avenue and on Thrall Avenue and Leonard Street.

Road grading, straightening, widening and gravel surfacing was performed on Crescent Street, Emmett Avenue, Hazel Street, Lincoln Avenue, North Main Street, Preville Avenue, Fairview Avenue and St. John Street. The new mixed-in-place pavement on River Street together with grading and gravel walks is described in the Street Department report.

Concrete sidewalks and curbs were built at 101 project locations, a total of 42,022 feet or slightly less than 8 miles being completed. This construction required the use of 18,850 bags of cement, 2,012 cubic yards of crushed stone and 1,862 cubic yards of sand. The cost of these principal materials and other supplies, equipment, tools, trucking and engineering was \$26,748.72.

CONCLUSION

The operation of Federal relief, although less than during 1936, still continued to be the largest unit of Public Works. The benefits that the City is deriving from this is becoming more evident each year as sewers and water mains are extended to outlying sections and inadequate sewers in all sections are enlarged and improved. Not only has the water and sewer service benefited the people living in these areas, but fire protection is provided for their property.

The most obvious improvements, of course, are those above ground such as sidewalks, curbs and roads. Fourteen and a half miles of concrete sidewalks and curbs built in two years time greatly exceeds any previous similar work in this City. River Street resurfacing with black top was a great improvement that should be extended to other sections of the city as finances permit.

In the Street Department, the use of the funds available for concrete pavement, such as the Grove Street car track area and Washington Street in 1937, Wales Street widening in 1936, Strongs Avenue widening in 1935, Church Street paving in 1933 makes a great improvement even though the amount done each year is comparatively small.

The unit cost of surface treatment of streets with tar and asphalt has been gradually reduced over a period of several years while the demands for increased mileage of treated surface have

been met. In four years this mileage was increased 28% from 27.37 miles to 35.03 miles. At the present expenditures of only about \$368 per mile it is not possible to apply this surface treatment heavy enough so that all sections will stand up under traffic when the ground is soft during spring thaws. The object has been to have the work of the best quality possible within the financial limits of the budget and State Aid and as a result there has been a great improvement over the period of five years that treatment has been carried on.

The engineering, supervision and clerical work necessitated by the extensive Federal relief program in addition to the work of the regular departments has taxed the small force that does all this work besides the surveying and cost accounting. By keeping a constant check on all expenditures it is possible to keep within the proper limits and finish the year with a balance.

The accomplishment of the year's work has been made possible by the cooperation of his Honor the Mayor, and the Honorable Board of Aldermen. I wish to express my appreciation for their assistance as well as for the help of the other City Officials and the members of their departments. I also wish to thank the personnel of the Public Works Department for their part in the work during 1937.

Respectfully submitted,

EDWARD L. TRACY,
Commissioner of Public Works.

Report of the Commissioner of Public Safety

To the Honorable City Council:

Gentlemen:

It has been suggested that 15 minute parking spaces be allowed in the business district for those needing only short stays. Those spaces to be at corners, say one at the Clement Bank, one at the Central Bank, one at the Marble Savings Bank and other such corners.

There has been more or less talk of an addition to the east side of the police station for a garage for the scout car and at least two rooms above, one for an office and the other for a locker room for officers to change clothes in privacy, instead of being exposed to the public in a room as now occupied by state officers and the general run of the city hall, men and women. I feel that it is worth your consideration.

Our police officers are carrying out the duties imposed upon them in an efficient and courteous manner with fairness and like treatment to all. No complaints.

It has been suggested that four police signal boxes be installed on the route of the scout car near the entrances to the city; north, east, south and west. These would cost \$125 each, but they would keep the officer in touch with the police station every 7½ minutes, and they would keep a record of the movements of the scout car.

The street painting machine spoken of a year ago is still on the "waiting list." This could be used to good advantage, economically, and markings kept more distinct.

The Fire Department "wants" seem to be all healed for the present, and this too, accounts for its efficiency and reputation of being second to none in the state.

Respectfully yours,

CHARLES T. QUIGLEY,
Commissioner of Public Safety.

To the Honorable City Council:

Gentlemen:

I have the honor to submit the following report covering the activities of the Fire and Police Departments for the year ending December 31, 1937.

FIRE DEPARTMENT

The Fire Department consists of one Chief Engineer, one Assistant Chief Engineer, two captains, thirteen firemen and nine call men.

The apparatus consists of one American LaFrance 75 ft. aerial ladder truck, two American LaFrance 750 gallon triple combination trucks and one Buffalo Quadruple truck with 750 gallon pump; also one Cadillac service truck.

The Department responded to 326 alarms during the year, as follows: Telephone 286, Bell 27, Verbal 9 and automatic thermostat 4. This is an increase of 36 over 1936. The Department also responded to 22 special service calls.

The value of property endangered by fire was \$308,110.00. The amount of insurance carried was \$221,310.00 and the amount of insurance paid was \$5,592.12. There were losses amounting to \$500.00 not covered by insurance, making a loss of \$6,092.12 at fires where the Department was called. There were losses of from \$1.00 to \$140.00 paid for damage by fire on 44 fires to which the Fire Department was not called, and the total damage at these fires was \$1,200.00, making the total loss by fires during 1937, \$7,292.12. This is the lowest loss since 1905.

The cost of maintaining the Fire Department for 1937 was \$36,481.18. The inventory value of the Fire Department is \$72,739.00, and an itemized statement of same is on file in the office of the City Treasurer.

POLICE DEPARTMENT

The Police Department consists of a chief of police, 13 regular police officers, one of the number being a sergeant, 2 regular police officers retired and 50 special police officers.

Inventory of property of apparatus consisting of signal system, lights and bells \$1,300.00, Ford V-8 prowler car, new, \$739.00, Indian Motorcycle, \$50.00 and automatic traffic lights and control boxes \$1,000.00. Total \$3,089.00.

Detention cell equipment and uniform clothing, consisting of blankets, sheets, towels, overcoats, caps and rain coats valued at

\$370. Further police equipment consists of revolvers, ammunition, handcuffs, clubs, flash lights, badges, steel desk, cabinet, chair, desk lamp, 2 tables, office chair, typewriter (Remington), and steel filing cabinet, valued at \$594.25.

Arrests for all causes during the year, 279; number of automobile accidents investigated, 173; number of cars tagged for violation of parking ordinance, 1,241; number of cars reported and fined \$1.00 each, 1,032; number of automobiles reported stolen, 19; number of burglaries and breaks reported, 12; number of miscellaneous thefts reported, 52; number of business places and stores found open and locked by officers, 264; number of lights reported out by officers, 43; number of transients who applied for and received lodging, 1,810.

SCOUT CAR REPORT

A Ford V-8 was purchased from the Babbitt Motor Co., Inc., and delivered to this department on January 30, 1937. This car has been used principally at night to cover the residential part of the city. In 1937 it covered 19,174 miles, answered 845 calls, made 180 arrests, consumed 1,777 gallons of gasoline at a cost of \$254.10 and 60 quarts of oil at a cost of \$15.00.

A complete detailed report is on file in the office of the Chief of Fire Department for examination.

ALFRED H. KOLTONSKI,
Chief of Fire Department

Report of City Attorney

To The Honorable City Council:

Gentlemen:

I hereby present to you my report as City Attorney for the year ending December 31, 1937.

During the year, the City has been a party in three law suits of major importance. The first was an action brought by this City against the Town of Wallingford to recover for assistance rendered a pauper. This action terminated by a decision of the Supreme Court of Vermont in favor of this City. The second action was brought against this City by Margaret O'Donnell, under a claim for services rendered to this City, to an alleged value of approximately \$3,500.00. After a jury trial in the United States District Court, a verdict was rendered against the City for \$1,700.00. The third action is a petition for a declaratory judgment by Richard Spaulding, in which he asks that certain property be declared tax exempt. This proceeding is now pending in the Rutland County Court and will probably be heard in January, 1938. All other actions and proceedings of minor importance, in which the City was concerned, have been settled without any expense on the part of this City, and there are now no cases of this type pending.

A number of amendments to the Charter of this City were drawn up and were subsequently enacted by our State Legislature. Among these amendments was the act permitting the assessment of a small fine against persons who violate our parking regulations. This act has been enforced during the last seven months of 1937 and over one thousand dollars in fines has been collected. A more important result, however, is that our citizens now have available parking spaces at almost any hour, and the practice of parking for excessive periods of time has largely disappeared.

From time to time during the year, a considerable number of Ordinances have been revised and amended, and several entirely new Ordinances have been drawn up and enacted; as, for example, the Pension Ordinance, Meat Inspection Ordinance, Traffic Regulations, and others. By request of the City Council, an entire revision of the Charter and Ordinances of this City has been commenced.

Over two hundred opinions on various legal and municipal questions have been requested by various boards and officials of this City, and each request has been answered. There have been almost daily consultations with various Federal, State and

Municipal authorities concerning City affairs, and an attempt has been made to attend every committee meeting of City officials where this office could be of assistance.

As in former years, an important part of the work of this office is in the collecting of various claims in favor of this City. For example, the Tax Collector has been represented by me in numerous proceedings in the Probate, Bankruptcy and other Courts, and several thousand dollars in delinquent taxes have been collected thereby. There has also been a constant effort to secure all possible sums for the benefit of the Overseer of the Poor. Many miscellaneous claims have also been collected such as, for example, damages for injuries to City property, water bills, etc.

During the year nine insane persons and three dipsomaniacs have been removed to State institutions and the City thereby relieved of the expense of their care.

As in previous years, I wish to acknowledge my sincere gratitude to the Mayor, Members of the Board of Aldermen, City Clerk and City Treasurer for their constant cooperation and assistance.

Very truly yours,

V. J. LOVELAND,
City Attorney.

Report of the Overseer of the Poor

I am pleased to make the foregoing report of the City Charities Department for the year 1937.

The appropriation to the Department of Charities and Corrections was \$75,000.00; the net expenses were \$49,461.04 showing a balance of \$25,538.96 not expended. This saving was due largely to the efficient and untiring efforts of the Mayor—Overseer of the Poor and office force in their thorough investigations and accurate records. The department has collected \$4,561.59 for support of families chargeable to other towns, from individuals, board paid at the City Farm and produce sold. Aid has been given to 424 families outside the City Farm.

The WPA Sewing Projects are now organized to operate in an efficient and business-like manner. All the sewing is done in a Central room under constant supervision. Under the new factory-like management the production has been doubled. The Articles made include Men's shirts and overalls, Women's dresses, slips and nightgowns, everything in the line of clothing for Children—from Infant's layette to heavy woolen coats, also sheets, pillow cases and towels for household use. The finished garments are turned over to the City Charity Department twice a month for distribution among the needy. During the past year 8,203 garments were distributed. This work of sewing to provide clothing for the city dependents was sponsored by the Honorable Mayor Branchaud and financed by the Charities Department. The project was carried on under the supervision of Mrs. Ethel J. Smith.

Another project which has proved most beneficial to the City is the cutting and drawing of 1,360 cords of wood. Of this amount 1,335 cords were delivered to needy families.

Under the efficient management of Mr. and Mrs. Lewis Gould at the City Farm 33 inmates were cared for and 990 transients were accommodated. An inventory of livestock, farming implements, house furnishings, amount to \$6,852.92. New improvements made at the farm include a new heating plant in the farm house and a new floor in the horse barn. From the farm gardens several hundred cans of fruits and vegetables were carefully preserved at the farm kitchen to help maintain the inmates during the year. Due to the competent services of the superintendent the City Farm has experienced a most successful year.

In closing, I extend my sincere gratitude to the Honorable Mayor Branchaud for his generous support during the past year, to the Board of Aldermen and City Officials I express my appreciation for your cooperation, to the office force, I sincerely thank you for your efficient work.

Respectfully submitted,

JOHN D. HAUGH,
Overseer of Poor.

Report of Old Age Assistance Investigator

To the Honorable City Council:

Gentlemen:

Before giving these figures it is only right to state that the Old Age Assistance rules do not allow giving aid to the following persons:

Anyone on full relief.

Anyone who is an inmate of the Poor House, or any home or charitable institution where they are cared for.

Our increased appropriation for Old Age Assistance was not available until July 1st. Since then all emergency and eligible cases have been taken care of.

The Vermont Old Age Assistance Department has in common with other relief agencies experienced unusual demands on its funds that are now at their full load.

We paid in the City of Rutland in 1937, \$29,632.50.

In December 1937 grants in the City were \$3,353.00.

96% of all funds available to the Department have been paid in forms of benefits to the aged, and only 4% for administration.

I wish to express my appreciation for the fine degree of cooperation this Department has enjoyed from City officials, and all other interested citizens.

W. L. SEWARD,
Old Age Assistance Investigator.

Report of District Nurse

FOR THE YEAR ENDING DECEMBER 1, 1937

To the Honorable City Council:

Gentlemen:

Mrs. Lucie P. Clark, for many years as District Nurse, ministered to the sick and needy of Rutland, died very suddenly the last of August at the end of a day filled with calls on the suffering.

Mrs. Clark's wise advice, gentle ministrations, kind tact, yankee ingenuity and common sense will long be remembered with profound gratitude and respect.

The middle of October Mrs. Olive H. Westin of 57 Elm Street was placed in the field as District Nurse.

With the addition of Federal and City supplies to those of the Rutland Missionary Association, layettes, sheets, pillow cases, blankets, comfortables, nightgowns, shoes, rubbers, toilet articles, medicines, cod liver oil, fruit, fruit juices, eggs, milk and groceries were placed in 97 families; one burial outfit was made up for an old lady for the Charity Department.

The cooperation of the City Charity Department has been harmonious and a big factor in the efficient work of the District Nurse.

Fees from patients	\$108 00
City of Rutland Appropriation	300 00
Rutland Missionary Association	642 00

Salary for 10½ months	\$1,050 00
---------------------------------	------------

Whole number of calls made	1,527
Welfare calls	205
Prenatal	117
Maternity cases cared for	14

Respectfully submitted,

GRACE M. CURRIER, *Secretary*
The Rutland Missionary Association, Inc.

Report of Health Officer

To the Honorable City Council:

Gentlemen:

I herewith submit my report for the year ending December 31, 1937.

Communicable diseases reported and quarantined:

Mumps	452
Whooping Cough	82
Chicken Pox	55
Measles	30
Scarlet Fever	16
German Measles	6
Erysipelas	1
Typhoid	1
Diphtheria	1
Total	644

There were 4 cases of typhoid from the neighboring towns quarantined and treated at the Rutland Hospital. In the Spring, the Board of Health authorized vaccination for 1st grade pupils who desired it and 268 children were vaccinated followed by 29 re-vaccinations. In the Fall, 135 first grade children received Diphtheria Toxoid inoculations. The schools' nurses, Miss Hinchey and Miss Crossman, have been of great aid in this work.

321 inspections of stores, restaurants and hotels were made by Mr. Cole in conjunction with the fire department. All the schools were inspected and fire drills were given by Chief Koltonski.

Many complaints were investigated, such as offensive odors, careless disposal of garbage, water in cellars, dead and barking dogs.

Samples of water were sent to the Department of Hygiene in Burlington for examination and 10 samples were found to be polluted, all of which followed heavy rains during the summer. Daily samples were also taken from the Municipal Swimming Pool and sent to the Department of Hygiene in Burlington. These were taken from the main sewer of the pool. 3 to 4 samples were polluted each month and much credit must be given Mr. Fred Lanahan, the Manager, for his careful observation of the gross condition of the water, bottom of the pool and the grounds about it.

CITY OF RUTLAND

75

The reservoir was cleaned in October under the supervision of Commissioner Tracy and E. S. Beardsley, Superintendent of Water Works.

This is of necessity a joint report, as Mr. Clare Cole resigned this position the 14th of July and I acted in his capacity until officially appointed in the Fall.

Respectfully submitted,

ALBERIC H. BELLEROSE, M.D.

Report of Department of Public Health

Statistics for 1937 compiled from certificates filed in the
City Clerk's office.

CAUSES OF DEATH

GENERAL DISEASES

Agranulocytosis.....	1
Alcoholic poisoning.....	1
Cancer of breast.....	5
Cancer of colon.....	2
Cancer of esophagus.....	2
Cancer of intestine.....	3
Cancer of jaw.....	2
Cancer of liver.....	4
Cancer of lung.....	1
Cancer of neck.....	1
Cancer of ovary.....	1
Cancer of pancreas.....	1
Cancer of rectum.....	1
Cancer of stomach.....	5
Cancer of uterus.....	3
Carcinoma, cervical.....	1
Carcinoma, gastric.....	1
Diabetes.....	5
Erysipelas of face.....	1
Infection in mouth.....	1
Leuchaemia.....	2
Streptococcic Septicemia.....	2
Tetanus.....	2

DISEASES OF THE NERVOUS SYSTEM
AND OF THE ORGANS OF
SPECIAL SENSE

Apoplexy.....	6
Epilepsy.....	1
Meningitis, meningococcic.....	1
Tabes Dorsalis.....	1

DISEASES OF THE RESPIRATORY
SYSTEM

Bronchitis.....	1
Edema.....	1
Pneumonia.....	1
Pneumonia, broncho.....	7
Pneumonia, hypostatic.....	4
Pneumonia, lobar.....	22
Pulmonary odema.....	1

DISEASES OF THE CIRCULATORY
SYSTEM

Anemia, pernicious.....	1
Angina pectoris.....	7
Arteriosclerosis.....	13
Cardiac failure.....	6
Cardiac insufficiency.....	1
Cerebral Emolus.....	1
Cerebral hemiplegia.....	2
Cerebral hemorrhage.....	12
Coronary occlusion.....	2
Coronary sclerosis.....	1
Dropsy, general.....	1

Embolism, cerebral.....	3
Embolism, pulmonary.....	3
Heart, acute dilatation.....	2
Heart disease, congenital.....	1
Heart disease, hypertensive.....	3
Heart disease, organic.....	1
Heart disease, rheumatic.....	1
Mitral regurgitation.....	1
Myocarditis.....	34
Pericarditis.....	1
Thrombosis.....	15

OLD AGE

Senile debility.....	3
----------------------	---

EPIDEMIC, ENDEMIC AND
INFECTIOUS DISEASES

Grippe.....	2
Influenza.....	4
Tuberculosis.....	7

DISEASES OF THE DIGESTIVE
SYSTEM

Abscess, pharyngeal.....	1
Appendicitis.....	6
Cholecystitis.....	4
Cirrhosis of liver.....	2
Colitis.....	1
Duodenum, ruptured.....	1
Hypertrophy of liver.....	1
Intestinal obstruction.....	6
Jaundice, obstructive.....	1
Peritonitis.....	5
Ulcer, perforated gastric.....	2
Ulcer of stomach.....	1

DISEASES OF THE SKIN AND
CELLULAR TISSUE

Gangrene.....	2
Infection.....	1

NON-VENEREAL DISEASES OF
THE GENITO-URINARY SYSTEM

Cystitis.....	2
Hypertrophy of prostate.....	4
Nephritis.....	8
Uremia.....	6

DISEASES OF THE BONES AND OF THE
ORGANS OF LOCOMOTION

Empyema.....	2
Pansinusitis.....	1

THE PUERPERAL STATE

Placenta Previa.....	1
Premature birth.....	9

EARLY INFANCY

Anancephalus.....	1
Asphyxia neonatorum.....	1
Birth injury.....	1
Congenital deformity.....	3
Hydrocephalus.....	2
Spina Bifida.....	1
Stillbirths.....	12

EXTERNAL CAUSES

Accident, burns.....	1
----------------------	---

Accident, cerebral injury.....	1
Accident, fracture femur.....	4
Accident, fracture maxilla.....	1
Accident, fracture skull.....	2
Accident, fracture spine.....	1
Accident, fracture vertebrae.....	1
Accident, gunshot wound.....	1
Accident, pulmonary edema.....	1
Shock following accident.....	4
Suicide.....	6

BIRTHS REGISTERED IN THE CITY OF RUTLAND, VERMONT

For the Year Ending December 31, 1937
(Place of Birth Rutland unless otherwise stated)

Date of Birth	Name of Child	Sex	Name of Father	Maiden Name of Mother
Oct. 1	Abatiell, Angeline Marie	F	Clement Joseph	Stella Cantone
May 30	Abbott, Leo Thomas	M	Ronald Joseph	Alice May Tracy
July 8	Adams, Alice Doris	F	Virgil	Doris Dunbar
May 4	Adams, Llewellyn	M	Albert Pearl	Margaret Hunt
Dec. 30	Allen, Charles Anthony	M	George Herbert	Gwendolin Dolphin
Nov. 6	Allen, Kenneth Gerald	M	Ray	Emma Pelkey
April 14	Anderson, Charles Gleason	M	Erwin Thomas	Charlotte Edna Gleason
May 14	Anderson, Mary Louise	F	John Sigfrid	Mary Louise Swanson
Oct. 11	Anderson, Polly Jane	F	Wilfred William	Catherine Rita Fewkes
Sept. 1	Armstrong, Beryl Helen	F	Clair	Lucille Parker
July 1	Atherton, Laura Lee	F	Frederick Burton	Marion Prior
May 15	Avent, John Joseph, 3rd	M	John Joseph, Jr.	Helen Searcy
Nov. 4	Ayer, Martin Judson	M	Burton Hiram	Agnes Wilma Preston
May 31	Baccei, Barry Joseph	M	Geno	Gabrielle Charron
March 21	Badgwick, Rodney John	M	Peter	Margaret Ann Kent
Sept. 12	Bahan, Theodore Judson	M	Milton A.	Ethel G. Thomas
Dec. 28	Baird, Lynn Harry	M	Lincoln Clinton	Marguerite Blanche Marfoot
Aug. 27	Baker, Ronald Lenzy	M	Lenzy John	Grace Harriet Crossman
March 26	Ballard, James Lathrop	M	James Tilly	Jeannette Baldwin
June 1	Baptie	F	John	Eleanor Jones
March 4	Barker, Richard Prentice	M	Prentice	Laura Moore
Dec. 13	Barlow, Marcus Van	M	Van Maxwell	Audrey Graham
July 12	Barrett, John Joseph	M	John Joseph	Ann McLaughlin
Jan. 20	Barrett, Lloyd Franklin	M	Kenneth Franklin	Beulah Ayer
July 27	Bates, Dolores Marie	F	George Ira	Maria Theresa Avery
Jan. 1	Battles, Thomas Joseph	M	Thomas Francis	Anna Mary Barone
Nov. 27	Beane, Patricia Ann	F	Norbert	Dorothy Pockette
Nov. 12	Beaty, Harriet Emma	F	John Russell	Marjorie Adams
Feb. 2	Beauchamp, Lorraine Rita	F	Joseph Arthur	Ruth Amy Fales
March 5	Beckett, George Clifford	M	Vern	Lillian Baker
July 30	Beckwith, Wanda Marvette	F	Howard James	Gertrude Belle M. Prouty
Feb. 19	Belden, Anne Marie	F	Bernard	Rita Fortier
June 2	Bellimer, Joyce Venita	F	Francis	Sylvia Severance
Jan. 12	Bernado, Carmelia	F	Vincent	Mary Gallo
Aug. 1	Berry, Ardeanne Claire	F	Christopher Clyde	Geraldine Isabelle Brown
Sept. 27	Biathrow	F	Philip Henry	Laura Powell
July 13	Bishop, Frederic Wayne	M	Glenn Stedman	Doris Margaret Slack
May 12	Blackburn, Dodge Ormsby (Proctor, Vt.)	M	Dodge Edwin	Violet Marie Wetmore
Nov. 22	Blanchard, Wayne Edward	M	James Ephraim	Vivian Moore
Jan. 30	Blankenship, Douglas Lindsay (Cooldale, Penna.)	M	William Marion	Helen Satak
Nov. 7	Booth	F	Henry	Mary Morrison
Nov. 7	Booth, Joan Ann	F	Henry	Mary Morrison
May 17	Bordeau, Mary Ellen	F	Stanton Thomas	Ellen Dorothy Chapeau
June 19	Boretos, Charles, Jr. (Proctor, Vt.)	M	Charles	Fanny Louly
March 21	Borjesson, Eric Bertil (Proctor, Vt.)	M	Eric Bertil	Beatrice Hilda Valiquette
Aug. 23	Bostwick, John Robert	M	Arthur Francis, Jr.	Dora McGraw
May 8	Boutwell, Arden Amos	M	Chester	Inice Wilson
Aug. 11	Bove, Sandra	F	Ralph Peter	Marion Elizabeth Harrison
Sept. 3	Bowers, Florence Bennett	F	Howard Stanley	Mary Lou Galo
April 30	Bowker, Arthur Benjamin	M	Ralph Elmer	Isabelle Ruth Waite
Feb. 4	Bradley, Virginia Ruth	F	Charles Anderson	Charlotte Blossom
Oct. 9	Bradley, William George	M	Erwin William	Dorothy Sawyer
Aug. 12	Branchaud, George William	M	Louis Albert	Olive Adwidge Young
Dec. 11	Briggs, Robert Alden	M	Allan L.	Marion Nutter
Feb. 11	Brooks, Mortimer James	M	Roy I.	Margaret Higgins
Sept. 9	Brooks, Persis Elaine	F	Edward Wallace	Hilda Elmora Spring
April 9	Brown, Alan Henry	M	Alford	Florence Tallman
Feb. 8	Brown, Charlotte Elizabeth	F	Walter Andrew	Hazel Margaret Dawson
Oct. 4	Brown, Phyllis Dale	F	Robert S.	Vivian Gale Young
April 9	Bullock, Beverly Ann	F	Charles Albert	Charlotte Beatrice Foster
Oct. 1	Burditt, Irene June	F	Frank William	Barbara Fish
July 30	Burke, Madeline Claire	F	Matthew Bernard	Madeline Beatrice LaFond
Dec. 21	Burney, Francis Charles	M	Charles, Jr.	Frances Wiley
Jan. 14	Burney, Marquita Agnes	F	Walter B.	Evelyn LaForest

Date of Birth	Name of Child	Sex	Name of Father	Maiden Name of Mother
Dec. 10	Burton, Henry Joseph	M	Richard LeRoy	Madeline McKirryher
Feb. 23	Burton, Joanna May	F	Allen Clark	Alice Macfarland
July 23	Bushie, Vernon Harold	M	Alfred P.	Viola L. Packard
Jan. 16	Butterfly, Mary Louise	F	Edward Eugene	Betty Laura Gould
Jan. 28	Buzzell, Philip Roger	M	Maurice Grey	Opal Keazer
Jan. 9	Caggegi, Anthony Alimonde	M	James	Maria Gluspeppa Amati
May 14	Callahan, Robert James	M	James Thomas	Mabel Rickert
Feb. 2	Calvi, Mary Catherine	F	Ernest	Delfiner Pianfetti
March 30	Carabeau, Louie George	M	Louie George	Marion Louise Hall
Jan. 10	Carabeau, Vernon Edward, Jr.	M	Vernon Edward	Georgia Nichols
Aug. 18	Carlson, Janet Grace	F	Eric Carlson	Christine Sule
July 26	Carmody, Anne Theresa	F	Daniel Francis	Anna Mary Skovira
April 9	Carmody, Dolores Ann	F	Patrick Arthur	Anna May McCann
May 12	Carrara, Anne Stella	F	Philip	Florence Luther
July 9	Carrara, Larry Francis	M	Bennie D.	Elizabeth Bunnell
Jan. 21	Carroll, Claire Elizabeth	F	Peter	Ann Fitzgerald
May 10	Carly, Robert Richard	M	Thomas Raymond	Winifred Wells
Sept. 14	Catozzi, Robert Richard (Forestdale, Vt.)	M	Robert Forrest	Helen Elizabeth Nicklaw
July 15	Chamberland, Constance Ann	F	Edward Henry	Rosamond Kelly
July 16	Charron, Katharine Evelyn	F	Adelard Gerard	Loretta Sara Regan
Nov. 22	Chase, Shirley Marie	F	Kenneth H.	Anne E. Fish
Oct. 5	Chesley, Joyce Mary	F	Walter E.	Lena Dumas
Nov. 27	Childs, Rose Marie	F	Charles	Agnes Whitmore
July 12	Ciccone	M	Nicola	Raffaella Trapina
Oct. 31	Cioffi, Barbara Jean Ann	F	Rocco Mark	Eunice Agnes Scrime
Sept. 12	Cioffi, James Joseph	M	Peter Francis	Kathleen Madeline Moore
Oct. 14	Ciufo, Vittorio John	M	John	Amelia Mazzucco
Dec. 26	Clark, Beverly Ann	F	Merald	Ethel Rogers
Aug. 1	Clodgo, Elizabeth Grace	F	Alfred John	Blanche Margaret Ringer
July 5	Clough, Margaret Ellen (Claremont, N. H.)	F	James	Jeanette Remy
Aug. 4	Coarse, Barbara Stella	F	Samuel Joseph	Stella Josephine Black
Aug. 25	Coarse, Joseph Anthony	M	Charles Joseph	Nathalie Grady
March 16	Colburn, Patricia Ann	F	Harry Allen	Cecile Lucienne Houle
Dec. 24	Cole, Theodore, Warren	M	Howard	Beatrice Brown
April 4	Coleman, Norman Arthur	M	Martin Sargent	Grace Ellen Derosia
Nov. 23	Colvin, Edward Nelson, Jr.	M	Edward Nelson	Dorothee Carey
Jan. 15	Congdon, David Ralph	M	Ralph	Natalie Albee
Nov. 21	Courcelle, Lucien Paul	M	Paul Arthur	Eleanor Armell
Oct. 7	Craig, Ronald David	M	David	Gertrude Goodwin
July 14	Cram, Arlene Eliza	F	Martin	Mildred Trudeau
May 12	Cristelli, Phillip Vito	M	Raymond	Maude Pease
May 15	Corey, Janet Irene	F	Charles William	Mabel Whitmore
Feb. 9	Crosby, Ronald Clark	M	John	Hope Clark
June 2	Crossman, Gordon Victor	M	Harold Rush	Doris Rachael Crossman
Oct. 1	Crossman, Lyle Percy	M	Roy Washington	Mary Ann Wetmore
Jan. 18	Cullinan, Teresa Ann	F	James Patrick	Mary LaJoie Thrall
June 21	Dailey, Rosita June	F	Milton Alba	Stella Kent
April 3	Dana	F	Ralph Randall	Flossie Irene Priest
Jan. 16	Daniels	F	Frank	Dorothy LaJoie
Jan. 5	Dannehy, Thomas Edward, Jr.	M	Thomas Edward	Elmira Pelkey
Sept. 25	Day, Lynn Bucklin	F	Kendrick E.	Ruth Bucklin
Jan. 28	Decker, Martin Francis	M	James Robert	Christine Mary Guyette
Oct. 19	Delpha, James Dennis	M	John Edward, Jr.	Mabelle Muger
July 17	Delpha, Richard David	M	Robert Donald	Louise Catharine Richard
Aug. 9	Denkanics, Margaret Anne	F	John	Bertha Havrilec
July 20	DePan, Dorothy Ann	F	Albert Felix	Annette Marie Bachand
Feb. 1	Devenow, Adore Lewis	M	Joseph Adore	Mildred Mae King
Feb. 28	Donahue, Paul Sargent	M	Leonard M.	Louise Sargent
Jan. 21	Doner, Robert Ernest	M	Harry Donald	Gertrude Vera Tanner
June 2	Dooley, Mary Ellen	F	Henry Edward	Elizabeth Hammel
Nov. 30	Dorr, Reginald Robert	M	Milton G.	Doris R. Carter
March 9	Douglash, Martha Doreen	F	Martin Jasper	Eleanor Dutele
May 19	Draper, Diana Delores	F	Frederick Kenneth	Doris Rose Young
Feb. 11	Dudley, Cecil Ann	F	Cecil James	Katherine Powers
Feb. 24	Duffy, Margaret Rose	F	William Joseph	Doris Finch
Dec. 12	Duffy, Charles Mark, Jr.	M	Charles Mark	Marguerite Synweldt
Jan. 30	Duffy, Raymond Robert	M	Leo Bernard	Susan Morrison
Aug. 2	Dumas, Edward Earle	M	George Theoplas	Dorothy Marion Barker
Nov. 30	Dunn, Mary Ellen	F	Anthony Charles	Elsa Ingeburg Smatresk

Date of Birth	Name of Child	Sex	Name of Father	Maiden Name of Mother
Jan. 11	Eddy, Nancy Ann	F	Robert Alphonsus	Mae McClure
July 28	Edmunds, Stetson Carpenter	M	Stetson Carpenter	Katharine Henrietta Saul
May 30	Eno, Joan	F	Wilbur Earl	Helen Mangan
Dec. 23	Erickson, Diana Agnes	F	John William	Catherine Iona White
Oct. 4	Erickson, Sonja Elizabeth	F	Sven William	Ragnhild Venta
April 14	Ezzo, Nicholas Dominic	M	Samuel Ezzo	Emma Dell Veneri
March 29	Fellman	M	Boris	Bessie Fellman
March 15	Fenton, Rita Mary	F	Cloyd	Edna Dikeman
March 16	Ferrell, Joan Marcia	F	Walter Alven	Susan Brophy
Feb. 9	Fish, Beverly Jean	F	Clarence C.	Edith Fish
Oct. 19	Fitzsimmons, George Francis	M	Frank	Georgianna Harrington
April 17	Flanders, Deanna	F	Howard C.	Gladys Ethel Petraglio
Sept. 21	Foley, Mary Alice	F	John D.	Kathryn Ryan
Aug. 14	Fournier, Charlotte Analdia	F	Don Arthur	Catharine Mae Bacon
March 6	Franzoni, Joanne	F	Geno Nicholas	Mabel Catherine Germon
April 20	Frasier, Charles Jay	M	Marvin	Grace Louise Jakway
Nov. 23	Fredette, Francis Joseph	M	Francis	Arlene Cobb
Oct. 16	Fredette, Robert William	M	Harold J.	Rachel N. Fredette
May 30	Fucci, William Ralph	M	Raphael	Grace Wetmore
Dec. 8	Galiano, Mary Catherine	F	Joseph	Christine LaRock
Dec. 22	Gallagher	F	Francis	Rose McGovern
April 3	Garrow, Ralph Thomas	M	Frank Eugene	Rena Baccei
Aug. 1	Gennette, Mary Ann	F	Harold H.	Emily H. Kantoski
April 16	Geno, Shirley Ann	F	Lisam	Julia Johnson
Oct. 18	Gill, Walter Joseph	M	Walter John	Genevieve Novak
Oct. 23	Gillam, Richard Anthony	M	Robert	Mary Cawley
Oct. 1	Gilman, Patricia Ann	F	Walter Philbert	Alice Dora McKirryher
Dec. 8	Gilrain, Iris Annette	F	James Bernard	Dina Bartalena
Nov. 29	Ginsburg, Michael David	M	Charles	Sara Schenkel
May 2	Giroux, Eugene Joseph	M	Hector	Helen Desjaden
Sept. 5	Godda, Laura May	F	Augustus	Gertrude Ella Haisington
Feb. 28	Goddard, Raymond Alan	M	Floyd Erskine	Leona Mary Cassidy
Sept. 30	Godzik, Therese Ann	F	Theodore Joseph	Mary Dembiak
Feb. 7	Gomez, Joyce Ann	F	Joseph John	Rita Gladys LaJoice
April 11	Goodrich, Carolyn	F	Warren Gibbs	Barbara Perkins
July 31	Goodrich, Ernest Anthony	M	Earl Anthony	Mary Dominica Cioffi
July 24	Gould	F	Grover Lee	Mabel Ella Baker
March 19	Gould, Robert Charles	M	Robert Allen	Florence Powell
Aug. 26	Gravelle, Earl Delmar	M	Earl George	Theresa Emma Champine

Report of Swimming Pool Manager

To the Honorable City Council:

Gentlemen:

I hereby submit my report as manager of the Swimming Pool for the year ending December 31st, 1937.

RECEIPTS

1936 balance.....	\$262 50
309 Adult admissions @ 25c.....	77 25
590 Towels @ 5c.....	29 50
9 family season tickets @ \$6.00.....	54 00
171 children season tickets @ \$2.00.....	342 00
32 children season tickets @ \$1.00.....	32 00
15 special adult tickets @ \$1.00.....	15 00
6,891 children admissions @ 10c.....	689 10
1,275 children admissions @ 5c.....	63 75
Concession.....	35 00

\$1,600 10

EXPENDITURES

Transferred to playgrounds.....	\$100 00
Payrolls.....	987 34
Trucking service.....	14 00
Laundering.....	9 04
Repairing winter damage.....	163 07
Sterilization (power and chemicals).....	113 93
Permanent repairs at close of pool (boarding windows, covering top, etc.).....	252 58
Miscellaneous expenditures (soap, paint, tools, express, etc.)...	64 41

\$1,704 37

Total Receipts.....	\$1,600 10
Appropriation from General Fund.....	110 00

\$1,710 10

Total Expenditures.....	1,704 37
-------------------------	----------

Balance.....	\$5 73
--------------	--------

Winter damage at the pool necessitated an expenditure of \$163.07 from the 1936 balance to put the pool in shape for operations during the season.

New diving boards were erected, the tower steps padded and minor improvements were made. Two weeks in August were set aside as "Learn to Swim Weeks" and over 200 availed themselves of the opportunity under the supervision of lifeguard Ross Gale.

Every Monday was given over to "Free Swimming" and NYA instructors aided in supervising instruction. Permanent

repairs were made at the close of the season as suggested by Hon. Mayor Branchaud, including the boarding up of windows, covering of the top of pool and getting pool ready for winter. I believe that this measure will cut down our tremendous winter damage and give us a fair working capital to begin the next season.

The maintenance and general upkeep of the pool has been put under the supervision of the department of Public Works, thus insuring expert care and adequate protection throughout the year.

I wish to thank the Hon. Mayor and the Board of Aldermen for their helpful cooperation and express my appreciation to the Health Officer, the City Engineer, the Chief of the Fire Dept., the Supt. of Water Dept., and their departments for their generous help throughout the season. I also wish to acknowledge the kindness of the Fair Association for lending park benches for use at the pool.

Respectfully submitted,

FREDERICK LANAHAN.

Report of State Supervisor on Recreation Projects

To the Honorable Board of Aldermen:

Gentlemen:

I hereby submit a report covering recreation in the city of Rutland for the year ending December 31st, 1937.

Appropriation of City Council..... \$250 00

EXPENDITURES

Supplies (baseball bats, basketballs, etc.).....	\$37 66
Rent.....	75 00
Equipment (piano, brooms, stove, etc.).....	34 54
Lights.....	11 66
Fuel.....	8 75
Trucking.....	10 00

Total Expenditures..... \$177 61

Cash on hand..... \$72 39

This is the second year in which the City of Rutland and the National Youth Administration have cooperated in a program of organized recreation. During the past year the National Youth Administration has paid for the services of five full time and eight part time workers. This amounted to a contribution of \$7,171.20.

During the past summer 450 Rutland children weekly enjoyed the benefits of supervised play on the city playground. This is a weekly average and while accurate statistics are not available it is safe to presume that twice this number or approximately 1000 different children attended playground activities during some part of the summer. This fall a community center was opened on West Street. It will be kept open for the remainder of the winter. Community dancing, dramatics, table games and arts and crafts comprise a major part of the activities. This attracted the attention of 350 young people weekly. It is safe to say that at least 500 different young people have taken advantage of its facilities since the opening.

The National Youth Administration appreciates the full cooperation of his Honor the Mayor, the Honorable Board of Aldermen and the other city officials for their interest in this project.

Sincerely yours,

JOSEPH A. BRISLIN,
State Supervisor of Recreation Projects.

Report of Inspector of Buildings

To the Honorable City Council:

Gentlemen:

I herewith submit the following report for the year ending December 31, 1937.

New houses.....	27
House alterations and additions.....	20
Porches.....	23
Apartment house.....	1
Private garages.....	45
Service stations.....	12
Business block addition.....	1
Store Addition.....	4
Boiler Room.....	1
Open air market.....	2
Warehouses.....	4
Cabins.....	10
Sheds.....	10
Poultry houses.....	2
Stores.....	3
Restaurant addition.....	1
Storehouses.....	2
Storehouse addition.....	1
Store repair, fire loss.....	1
Store front.....	1
Warehouse alteration.....	1
Lumber Storage Shed with Sprinkler system.....	4
Barns.....	1
Outside chimney.....	9
Buildings moved.....	14
Buildings wrecked.....	

Respectfully submitted,

GUY E. THAYER,
Inspector of Buildings.

Rutland Free Library

MARGARET R. FERGUSON, Treasurer.

I have examined the above accounts and find them correct as stated.

CORNELIA C. PERKINS,
Auditor.

Report of the Board of School Commissioners

To the Mayor, City Council and Citizens of the City of Rutland:

The Board of School Commissioners herewith submits the Report of its administration of the schools for the past year, together with its suggestions and recommendations for the year ensuing.

The people of this city are faced with the fact, that our teachers have never had the cut in salary restored, which was taken from them during the depression.

Our voters have been very generous in supporting our schools in the past and always ready to furnish the necessary funds to carry on this important and essential department of government.

The City Council is limited by the terms of the Charter to its appropriation to schools. In order to have our teachers pay restored to normal, we must ask for 15c extra tax at the coming election. In order to keep the high standard of our schools, we expect the wholehearted support of the citizens of Rutland, regarding the restitution of salaries. We appreciate the unhesitating and emphatic manner in which the people of the city have responded to our previous appeals, so as to be able to close the year's work with an exceptionally good financial showing.

Facts for consideration are as follows:

1. Teachers received a cut of 10% in 1932 and a second cut of 10% in 1933.

2. 5% has been restored so that the teachers are 15% below normal today.

3. The present situation in other cities:

- (a) Barre cut 10%—restored it all
- (b) Bellows Falls cut 20%—restored it all
- (c) Bennington cut 20%—restored 15%
- (d) Brattleboro cut 20%—restored 10%
- (e) Burlington cut 10%—restored it all
- (f) Montpelier cut 6% to 13%—restored all but 2%
- (g) Springfield cut 20% to 33%—restored it all

4. Tax rate for 1937	1.15
Special tax voted last March	
for repairs	.05
	<hr/>
1937	1.20

Tax rate for 1938 allowed by Charter	1.15
Special tax desired for salaries	.15

1.30

An increase in 1938 over 1937 of 10c.

The highest tax for the support of schools was in 1930, as follows:

(a) Regular tax for support of schools	1.15
(b) Special tax for heating plant at Meldon	.10
(c) Intangible tax the equivalent of	.095

Total tax for schools 1930	1.345
----------------------------	-------

5. The average salary paid today in certain cities to High School women:

Barre \$1,500; Bellows Falls \$1,535; Bennington \$1,502; Brattleboro \$1,288; Burlington \$1,769; Montpelier \$1,568; Springfield \$1,378, and Rutland \$1,349.

This situation is typical of other salary levels throughout our schools.

The cost per pupil in average daily attendance, not including capital outlay or debt service per year for several communities, is as follows:

Barre	\$73.57
Bellows Falls	90.23
Bennington	80.76
Brattleboro	63.98
Burlington	81.15
Glens Falls	132.88
Montpelier	92.16
Springfield	85.19
Rutland	74.21

We feel that figures speak for themselves and implore your vote for the restoration of the salaries, which our teachers have been without since 1932 and 1933.

It is well for us to reflect occasionally upon the fact that many of our teachers have given the best years of their lives to our own Rutland Schools.

Our children deserve the benefits of the finest teachers. Present personnel will be out of the picture soon. Over 80 out of 104 employees of the school department have left the service for one cause or another during the last 10 years. Changes in the future are likely to be as great. Please bear in mind that good salaries attract better teachers and the city of Rutland should have the best obtainable.

During the past year, we believe the most important item, from a material point of view, is the pension plan which has recently been adopted. One hundred of the one hundred and four employees of the school department have joined this plan. The City has done a fine thing for the school department, and others. Mr. Esme Smith is to be congratulated for his untiring efforts in getting this plan arranged so satisfactorily.

It is with great pleasure and extreme satisfaction that we report the employment of a full time plumber, and a full time painter. The saving is very marked in comparison to letting contracts. Our schools are kept in better condition.

The estimated cost under the contract system is based on contracts let from 1923 to 1932 for outside painting and interior decorating and is as follows:

1. Four 4 room buildings at \$1,200.	\$4,800 00
2. Three 10 room buildings at \$2,200.	6,600 00
3. Meldon School	5,500 00
4. High School	10,000 00
5. Refinishing desks, tables, etc., at \$1.00 unit	3,000 00
Total Cost	\$29,900 00

Assuming the work ought to be done in 5 years, the annual cost would be \$5,980 per year.

The cost of doing the same work with painter employed directly by the board will be about as follows:

1. Salary of one painter for 5 years	\$5,500 00
2. Material, paints, etc., for 5 years	1,750 00
3. Assistant painter part time for 5 years	2,500 00
4. Equipment for 5 years	500 00
Total cost for 5 years	\$10,250 00
Cost for one year	\$2,050 00

Up to date we have paid very little for an assistant painter but when interior decorating is started, an assistant should be employed. In considering the comparative merits of the two methods, it should be borne in mind that under the contract plan buildings were actually painted about once in 10 years, so that they were in bad condition outside and in, for at least half that time. The present plan makes it possible to keep all buildings in good shape, all the time at a greatly reduced cost.

The Board of School Commissioners has employed a plumber for one year. The following memoranda is intended to show the results of such employment in terms of cost and service:

Over a seven year period, the average yearly cost of repair and replacement of heating and plumbing equipment, when done by commercial firms by the old plan was \$2,002.87. Under the new plan, the total cost for last year was \$1,908.75.

Under the new plan, numerous other services are available for the schools and should be deducted from the \$1,908.75 above.

The plumber assisted the painter seven weeks—worked on high school grounds 5 weeks—did grading and cement work four weeks—did janitor work, carpenter work, etc., for about 2 months and a multitude of odd jobs impossible to enumerate. To hire a man to do this would have cost in the vicinity of \$600.

Under the new plan, it has been possible to make a fair beginning in replacement of obsolete equipment which was impossible under the old plan.

The plumber is available at all times. He inspects school plumbing and probably prevents many a breakdown in equipment. All plumbing equipment is bought at wholesale.

In closing, the Board wishes to express to the Superintendent and teaching force, its sincere appreciation of the loyal and efficient service rendered during the past year.

This report has detailed facts to show our sincerest effort to cut the cost of operation as much as possible. But even with our most careful consideration, we cannot replace the cut in salary the teachers suffered during the depression.

Therefore, we must ask the voters to authorize the additional 15c tax which will give the Board an amount sufficient to effectively operate the schools throughout the coming year.

Respectfully submitted,

BOARD OF SCHOOL COMMISSIONERS,

By Edward E. Hinds, *President*.

Rutland, Vermont, February 7, 1938.

Report of the Superintendent of Schools

To the Board of School Commissioners, the Mayor, the Board of Aldermen and the Citizens of the City of Rutland:

I have the honor of submitting to you the forty-fifth annual report of the Rutland Public Schools and the seventeenth under the present administration.

Education is concerned with the things in life which are important, necessary, and expedient. Parents and teachers find much difficulty in determining what the worthwhile things are for the children of any given generation. The school people of Rutland, assisted by many parents, are attempting this year to examine all the factors that influence individuals in the hope of discovering a better way of dealing with pupils and aiding them in making a better choice of a life work. In the language of the day this is called guidance, which is a more or less new name for a very old problem.

Guidance means an organized and persistent effort to know more about pupils, their possibilities and limitations. It implies a program for the schools which will furnish the pupil with many opportunities for making choices on a higher and higher level. Guidance involves leading and has no part whatever with direction, dogmatic decisions, or pedantic formula. Guidance means adjustment, involves human engineering and is concerned with all the factors which influence people, their emotions, their health, their religion, their home lives, everything which makes people do, or say, or think. The Good Book says, "know thyself." Guidance says, "know the children you would counsel."

Teachers who desire to guide wisely the children of today need to know a great deal about the possibilities for further education available for young people and the possibilities for a life occupation open to them. This means rather an intimate knowledge of a large number of occupations and the type of talent which tends to insure success in those occupations. There was a time when all the schools had to worry about was to select the few who were eligible for the professions and to class all others as laborers or clerks. It needs no argument to prove that that day is passed. We live in a highly complicated society fed, clothed, sheltered, entertained and transported by an industrial machine hard to manage and changing every day. The task we have set for ourselves is, therefore, of great importance because it involves knowing all there is to be known about the individual child, knowing all about the opportunities for education or for a job, and knowing how to put these two together.

Opinions, guesses, and surmises about children have no place in a guidance program. Facts about children are the only fair evidences we choose to rely upon. To secure the facts we need it will be necessary to know the child at home, on the street, on the playground and in his numerous social contacts. As much as possible the facts gathered about children need to be objective so that the observer with strong prejudices about this or that will not inject his pet aversions into the situation. At this time no one is quite sure how these facts will be collected or how they will be tabulated so as to be useful to those attempting to counsel young people. This problem is being attacked with vigor and the contributions of parents and others is solicited. We know that one person may live with another for years without really knowing him so we recognize the size of our problem. It is to be hoped that the attempt to know children better will not be looked upon as meddlesome or inquisitive but that it is undertaken in the same spirit that a wise father uses regarding his own child. Deferred judgment, a kindly spirit, and a saving sense of humor will, it is expected, prevent us from hasty and ill-considered conclusions.

There was a time when parents and teachers thought that everyone must find some one thing for which he was especially adapted or life would be a failure. It was felt that native abilities were specialized, but a saner view now prevails. It seems certain that the gifted child will be able to make a success of life in any one of from ten to thirty different occupations while the less gifted merely has a more limited range. All this seems to suggest that children should be introduced to a number of possibilities and these possibilities ought to be discussed and investigated. Each person must ultimately make up his own mind as to what he is to do in life but the wise parent, teacher, or counselor can help a great deal on the way.

Some people have the mistaken idea that guidance is concerned with the selection of a vocation. Assisting pupils to choose a vocation is an important part of any well conceived guidance program but it is by no means the whole program. Guidance is concerned with aiding young people to find a better way of living. It steps in to help a child make the necessary adjustments when the home is broken, when the important plans of a young life are thwarted and must be changed. Guidance hopes to be a wise father and an understanding mother when the critical periods of life come to our children and youth.

The demands of guidance will be hard for teachers to meet because the point of view changes from the subject to the individual child. It will be equally hard for parents to accept the new situation because the teacher will gradually become more interested in the preservation of personality than in preserving the status quo, more interested in attitudes toward life than in arithmetic, and more interested in emotions than in evolution. We will

all need patience and understanding if a better way is to be devised for our young people. More time will be spent by school people in visiting homes, shops and all kinds of places where boys and girls are employed and entertained. We hope to know our youth and our community.

One of the principal purposes of guidance is to make young people aware of their own talents and of the opportunities open to them. Most people suffer from a narrow and meager experience with life so much so that they never even think of the possibilities of a rich and full life for them outside of a very limited circle. Guidance will attempt by study and discussion of a great many educational and occupational opportunities to make students aware of a wide range of choice for them. Really the youth of Rutland is only vaguely aware of the opportunities open to them in their own city. It seems like the height of absurdity not to consider the opportunities of our city one of the most important subjects of study in the schools.

Guidance is not a new fad that is being taken up to make people believe we are getting somewhere because we are so busy and talk so much. It is, on the other hand a vital matter which has always concerned good teachers and wise parents. The effort made in this direction now is but a tardy recognition of the obvious. It seems to be true that we have been so engrossed in teaching subjects and preparing for college that we have forgotten the most important factor in our schools—the individual child. While the service rendered by society through the schools has been invaluable and worth much more than it has cost there has been a tendency to overlook the most important service. "While thy servant was busy here and there, behold! he was gone."

Respectfully submitted,

W. W. FAIRCHILD,
Superintendent of Schools.

Rutland, Vermont, January 31, 1938.

IN MEMORIAM

In the death of Charles B. Costello, who for twenty-two years has served the schools of Rutland as Truant Officer, the city has sustained an irreparable loss.

The kindly consideration and sympathetic understanding with which he met all situations that came under his jurisdiction in the difficult discharge of his duties, formed a friendly link between the school and the home.

Many, who might have gone astray, remember him with gratitude for the influence he exerted in guiding them over the rough spots of their early life, and helping them to become useful and worthy citizens of their community.

"The world is blessed mostly by men who serve their fellow men."

* * * * *

June 1st, 1937, the news of Mary Devlin's death cast a gloom over Rutland, and a feeling of grief and sincere sympathy was almost universal in the community.

For nearly twenty years Miss Devlin had been connected with the schools of the city as Health Nurse, and in this capacity she had endeared herself to young and old, rich and poor, regardless of race or creed.

She was a leader in the community, closely identified with all social and business uplifts, and had a keen appreciation of civic duties. To the public she gave of her strength unsparingly wherever she served. She was gracious and kindly to all with an utter forgetfulness of self. Her human sympathy, combined with her ability to see the best in those with whom she came in contact, together with her never failing sense of humor, brought a universal response of love and loyalty.

To her friends she was true and loyal, radiating tenderness, sympathy and loving kindness. Her daily association with the children of Rutland, combined with her understanding of their needs, her wise council and true guidance, have left an impression in the lives of rich and poor.

All during her illness the people of the community manifested their appreciation of her noble qualities, privately and collectively, which must have meant so much to her and her family.

The City of Rutland and the Department of Education have had a rare privilege in having the service of Mary Devlin, whose influence has been far reaching.

In the world beyond we count another friend, another advocate, and while we mourn our loss we can but rejoice for her who has heard the "Well done, good and faithful servant,—enter thou into the joy of thy Lord."

So much she gave to others
To make life seem worth while,
So much of true friendship and service,
A helping hand and smile,
That in many homes in Rutland
Her name will always be
A symbol of love and kindness,
And life's sweet charity.

* * * * *

Miss Etta Franklin was a teacher in the Lincoln School for forty-three years, and for thirty-four years was principal of the school.

Hundreds of boys and girls came under her influence and guidance, many of them to become successful in business enterprises or in the professions. She always had their welfare in mind, and followed with keen interest their progress in after life.

She was an interested and influential member of the Parent-Teacher Association, and treasurer of the Rutland Teachers' Association from its organization. She was devoted to her fellow-teachers, not only in her own city, but in the state. They admired and respected her and elected her to the presidency of the Vermont State Teachers' Association and the Vermont Woman Teachers' Club. She was a charter member of the Vermont Retirement Association which worked for and obtained the present system of state pension for teachers. She was one of the founders of the McConnell Rest Home, a home for aged retired teachers, to which she gave not only time, and effort, but generous financial aid.

She took a keen intelligent interest in the public affairs of the city, and was a student of Vermont, its people, and its history.

Miss Franklin, who died February 2nd, 1937, after a year's illness, will be greatly missed in the school and in the community. In recognition of her life work, her fellow-workers, former pupils, and friends are contributing to a Memorial Library for the Lincoln School.

"Tears for her departure?

Nay, a smile

That we have walked with her

A little while."

* * * * *

Those who have had any close association with the Rutland High School during the last twelve years have shared a privilege in their opportunity for contact with the vibrant personality of Mary R. Houghton.

As secretary to the principal, Miss Houghton was in close touch with the daily life of the school and brought to her work an alert and friendly interest which spread with far reaching influence among her associates.

With her wide variety of interests and zest for living she took an active part in the life of the school and the community. She was a helpful friend and adviser both to co-workers and to the many students with whom she came in contact.

A good companion; a faithful and sincere worker; a loyal friend. Her personality will live on through the contributions she has made to the personalities of the many whose lives touched hers in friendly association.

* * * * *

During the year, death entered the ranks of those whose duty it is to look after the comfort of the ones who attend the school.

Leonard M. Oney, janitor of the Dana School, died on March 30, 1937, after a short illness.

He assumed his duties in 1923, and gave fourteen years of faithful service. Always willing to assist both teachers and pupils, he gave freely of his time and energy for their welfare and happiness.

REPORT OF FRANK L. WILLIS & COMPANY

Certified Public Accountants

Concord, N. H.

Rutland, Vermont

February 16, 1938

The Honorable City Council,

City of Rutland,

Rutland, Vermont.

Gentlemen:

In accordance with your instructions, we have made an examination of the financial books and records of the City of Rutland for the year ended December 31, 1937, the results of which are submitted in the text of this report and the following exhibits and schedules:

Exhibit A Summary Statement of Cash Receipts and Disbursements for the Year Ended December 31, 1937

Schedule A-1 Receipts by Sources

A-2 Disbursements by Functions

A-3 Deficiency of General Fund Cash

Exhibit B Departmental Operations for the Year Ended December 31, 1937

Exhibit C Consolidated Balance Sheet as at December 31, 1937

Schedule C-1 Bonds Outstanding

Exhibit D Sinking Fund—Balance Sheet as at December 31, 1937

The statements are prepared on a cash basis to agree with the totals used by the City Treasurer and all amounts shown thereon can be checked or reconciled with those used by the Treasurer's office.

Summary Statement of Cash Receipts and Disbursements—Exhibit A

On this statement are shown the cash balances at the beginning and end of the year 1937, together with the receipts and disbursements in three groups, General Revenue Available for city purposes and disbursements therefrom, Revenue Restricted to specific purposes and Expenditures of Restricted Revenue, and Non-Revenue Receipts and Disbursements, such as the Proceeds of temporary Loans and the sale of Bonds which are not in the nature of Revenue.

Also on this statement is shown the Deficiency of General Fund Cash to meet temporary Loans which is arrived at by adding the balance of Unrestricted Fund Cash, \$15.72, at the beginning of the year, to the receipts of unrestricted General Revenue, \$329,555.07, and deducting the total from disbursements of General Revenue, \$346,785.86. For this purpose we have considered that \$36,986.47 of General Fund Cash on hand at January 1, 1937 was restricted to its use for payment of outstanding temporary Loans at that date. This application is shown on Schedule A-3.

The balances of cash restricted to specific purposes at January 1, 1937, \$66,051.01, are added in the third column to receipts of Restricted Revenue of \$367,242.11. From the total are deducted Disbursements of Restricted Revenue, \$422,424.34, to leave a total of outstanding balances of restricted cash of \$10,868.78 at December 31, 1937 which includes the balance of the receipts for Sidewalk and Curbing, \$500.63, the balance of the School Fund, \$5,514.33, and the balance of the Water Department Fund, \$4,853.82.

The balance allocated to Non-Revenue items, \$25,034.72, at December 31, 1937 comprises the total of temporary outstanding loans, \$25,000 and \$34.72 interest accrued which was received with the proceeds of the Sidewalk and Curbing bonds and which will be repaid at the first interest date.

Receipts by Sources—Schedule A-1

The details of the total receipts, \$1,022,129.29, on Exhibit A are shown on Schedule A-1 by sources and by allocation to classes of Revenue and Income.

Disbursements by Functions—Schedule A-2

The details of the total disbursements, \$1,069,507.59, on Exhibit A are shown on this schedule by departments and accounts and also by allocation to classes of Revenue and Income.

Deficiency of General Fund Cash—Schedule A-3

The Deficiency of General Fund Cash, \$17,215.07, is shown on Exhibit A. A computation of this amount, including the allocation of funds to defray the outstanding temporary loans, \$100,000, at January 1, 1937, is shown on this schedule.

Departmental Operations—Exhibit B

On Exhibit B the operations of the City by departments and appropriations are shown. The totals of the Tax Revenue and Other Revenue and Income columns agree with the total receipts shown on Exhibit A and the total of the column captioned Expended likewise agrees with the total disbursements also shown on Exhibit A. To these respective totals are added the cash balances at the beginning of the year and at the end of the year to produce grand totals which are in agreement with the records of the City Treasurer.

The transfers arise because the City records are kept on a Cash basis and entries are made in the cash book recording transfers from one department to another which are not strictly cash receipts or disbursements but which are so treated. In other cases balances in one bank are transferred to another resulting in entries on both the Receipts and Disbursements sides of the cash book. In effect these transfers are all journal entries not affecting cash but they must be considered in order to prove with the totals shown by the Cash Receipts and Disbursements Book kept by the Treasurer.

Consolidated Balance Sheet—Exhibit C

Although a Balance Sheet of the various funds under the jurisdiction of the City authorities is properly a part of our report, it should be understood that the surplus items cannot be reconciled with the other statements in this report since the others are prepared on a Cash basis to reflect the operations as recorded in the Treasurer's Office with no allowance for such items as Accounts Receivable, Inventories, Bond Interest Accrued, etc.

Certificate

We have made an examination of the books and records of the City of Rutland, Vermont, for the year ended December 31, 1937 and we hereby certify that all recorded income has been accounted for correctly, that all expenditures have been properly authorized by the officers and committee whose duty it is to approve disbursements, that expenditures appear to be allocated correctly to the respective Appropriations, that all cancelled bonds and coupons are accounted for and that in our opinion the statements in this report, subject to the comments herein, accurately reflect on a cash basis the operations of the City of Rutland for the year ended December 31, 1937.

Respectfully submitted,

FRANK L. WILLIS & COMPANY,
Certified Public Accountants.

The Honorable City Council,
City of Rutland,
Rutland, Vermont.

Gentlemen:

We have familiarized ourselves with the scope of examination of the books and records of the City of Rutland, Vermont, made by Frank L. Willis & Company by actual work in connection with the audit, and by conferences with Mr. Willis and Mr. Rich and are satisfied to accept the findings in their report under date of February 16, 1938 of which this statement is made a part.

Respectfully,

JOHN W. BURKE,
GEORGE A. SABIN,
ARTHUR W. CROWLEY,
City Auditors.
